Subject: Hewitt Hall

One student this morning reported a positive COVID-19 test, bringing the total for the week to nine among residents of Hewitt Hall on the McMinnville campus. The Yamhill County Public Health Department has asked Linfield to test other students in the residence hall.

Patty Haddeland, Director of Student Health, Wellness and Counseling, is establishing a testing pod in Walker Hall 101 and 102, which will be operational starting at 1:30 p.m. Affected students will be contacted directly, and we hope to have testing results back today or early tomorrow.

Anyone with questions in the meantime is encouraged to send them to covid19ert@linfield.edu, which is monitored by members of the COVID Recovery Team. Additional information is also available on [Linfield's Be Wild for our Health webpage](#).

Thank you for your continued patience and forbearance in these unpredictable times.

Regards,

Scott Bernard Nelson
